<b>Commissariat aux Assurances Luxembourg is responsible for supervising Lombard International Assurance S.A, part of the Lombard International Group, in relation to this Key Information Document.</b>	
<b>Date of production of the KID:</b>	19/12/2023

You are about to purchase a product that is not simple and may be difficult to understand.

### What is this product?

Type:	Private Client Portfolio is a whole-of-life unit-linked assurance product issued by Lombard International Assurance S.A., (the "Insurer"), and governed by English law. This product is a Packaged Retail and Insurance-based Investment Product ("PRIIPS"), as defined in Regulation (EU) No 1286/2014.
Term:	This product is a whole-of-life insurance contract, therefore it will terminate when the insurance event (as defined in the "Insurance benefits and costs" section) occurs. There is no maturity date and the Insurer is not entitled to terminate the product, unless otherwise provided by the applicable law.
Objectives:	Private Client Portfolio is a life assurance product which provides an insurance benefit upon death of the relevant Life Assured. Upon policyholder(s) choice of investment model, the product can be linked either to a variety of asset types (shares, bonds, money markets instruments, funds, cash and alternative investments) in accordance with Luxembourg and any applicable regulations or to collective investment schemes and other permitted assets made available by the Insurer. These assets may span several geographical zones and sectors. The product investment return depends on the performance of the underlying assets of the policy which are influenced positively or negatively by the performance of the equity markets, the bond markets, by changes in the interest rates, by fluctuation of the foreign exchange rates and by any other economic factors. Further information about investment options can be obtained upon simple request from the Insurer or from the distributor or by visiting the webpage <a href="http://www.lombardinternational.com/PRIIPS">www.lombardinternational.com/PRIIPS</a> .
Intended retail investor:	The product is a medium to long term investment and is intended for policyholder(s) who are able to bear investment losses. The type of policyholder(s) to whom the product is intended to be marketed varies on the basis of the investment profile associated with the policy.
Insurance benefits and costs:	In return for the payment of a single initial premium of minimum 125,000 GBP and any additional premium(s) of minimum 10,000 GBP each, the product will provide the policy proceeds when the insured event occurs, namely, upon death of the sole life assured or, in case of lives assured, upon the death of the last surviving life assured. Upon receipt of the death claim, the policy proceeds are equal to the cash surrender value generated after disinvestments plus a death benefit. The death benefit is set at one per cent of the Cash Surrender Value and is limited to 5,000 GBP. No Charges for death benefit will be deducted from the policy value nor from the premiums paid and consequently the return of the policy value is not affected. The age of the Life Assured may not exceed 85 years old at the time of the policy issuance, subject to alternative agreement with the Insurer.

### What are the risks and what could I get in return?

#### Risk Indicator

The risk indicator assumes you keep the product for 10 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to end your product easily or may have to end at a price that significantly impacts on how much you get back. You may have to pay significant extra costs to cash in early.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The risk and return of the investment varies on the basis of the underlying investment option(s). The overall performance depends on trends in the financial markets and other economic factors. Further information about investment options can be found on the relative specific information document.

**Be aware of currency risk. You may receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.**

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

The product may include early exit penalties, which are described in the section "How long should I hold it and can I take my money out early?"

### Performance Scenario

Recommended holding period: 10 years Example Investment: £ 10,000 Death scenario		If you exit after 1 year	If you exit after 5 years	If you exit after 10 years (recommended holding period)
Insured event	What your beneficiaries might get back after costs	from £ 10,130 to £ 10,820	from £ 10,390 to £ 13,930	from £ 10,650 to £ 19,760

The table shows what your beneficiaries might get back assuming your investment performs under the moderate scenarios. Markets could develop very differently in the future.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

Performance scenarios depend on the investment option chosen. Please refer to the relevant 'Specific Information Document' to view the possible performance scenarios.

## What happens if Lombard International Assurance S.A. is unable to pay out?

Lombard International Assurance S.A. is subject to Luxembourg legislation governing the protection of insurance-linked assets. The underlying assets of its policies are segregated from the Insurer's own assets and liabilities and are deposited with an independent credit institution with the approval of the insurance regulator, the Commissariat aux Assurances. All such assets, other than cash deposits, are required to be held off-balance sheet at the credit institution. In the unlikely event of the failure of Lombard International Assurance S.A., policyholders have a super-preferential right over the value of underlying assets. Furthermore, policyholders have a preferential right, which overrides any other right, except those defined by law, over the assets of the Insurer in the event that the segregated pool of underlying assets is not sufficient to cover all insurance claims. The above asset protection regime is neither a compensation scheme nor a guarantee scheme. Investment risk in the underlying assets, including from the failure of an asset issuer or other investment counterparty, is borne by the policyholder. Should you require more information on policyholder protection, please do not hesitate to contact Lombard International Assurance S.A.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- in the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- £ 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years	If you exit after 10 years
<b>Total costs</b>	<b>from £ 187 to £ 209</b>	<b>from £ 1,016 to £ 1,380</b>	<b>from £ 2,179 to £ 3,880</b>
Annual cost impact (*)	from 1.9% to 2.1%	from 1.9% to 2.2% each year	from 1.9% to 2.1% each year

(\*) This illustrates how costs reduce your return each year over the holding period. We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

### Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 10 years
<b>Entry costs</b>	Annual impact of the costs on the amount you pay in when entering this investment. This is an estimate based on actual costs over the last year.	<b>0.0%</b>
<b>Exit costs</b>	These costs may apply only if you exit before the end of the recommended holding period. Exit costs are stated as "N/A" in the next column as they do not apply if you keep the product until the recommended holding period.	<b>N/A</b>
Ongoing costs taken each year		
<b>Management fees and other administrative or operating costs</b>	Annual impact of the costs on the value of your investment per year. This is an estimate based on actual costs over the last year.	<b>from 1.9% to 2.1%</b>
<b>Transaction costs</b>	This is an estimate of the transaction costs of the product when we buy and sell the investment options. Transaction costs related to the underlying investments are included in the section "Management fees and other administrative or operating costs".	<b>0.0%</b>
Incidental costs taken under specific conditions		
<b>Performance fees and carried interest</b>	There is no performance fee for this product. Performance fees of the investment options are included in the section "Management fees and other administrative or operating costs".	<b>0.0%</b>

Different costs apply depending on the investment amount, e.g. a higher investment amount may have a lower management fees.

## How long should I hold it and can I take my money out early?

### Recommended minimum holding period: 10 years

Although the product is intended for medium to long term investment, there is no minimum or maximum holding period under the contract. There is a recommended holding period which corresponds to the higher between (i) the penalties period applied to the product in case of early surrender, and (ii) the highest investment horizon among the ones provided in the investment/profile strategy of each investment option. The policyholder(s)

can request in writing, dated and signed, to the Insurer (i) the partial or total redemption of the product or (ii) its cancellation, by registered letter, within thirty days after entry into force. In such cases, the policyholder(s) will get back the value of the contract after the divestment of the underlying fund (s): (i) net of applicable fees and mortality charges (if any), in case of redemption, or (ii) plus entry fees and taxes, net of mortality charges (if any), in case of cancellation. Any initial advice fee already paid to the adviser will not be refunded by the Insurer in the event of the cancellation option being exercised. The product may include penalties in case of redemption by the policyholder(s) within 5 years from each premium payment, unless otherwise provided in the contractual documents. In case of a total redemption or death claim, the value of the contract will be reduced by the recurring costs until the relevant payment date. An early exit does not have an impact on the risk or performance profile of the product. The product does not provide any guarantees of return and / or capital, nor any participation in the profits of the Insurer. For an indication of the applicable fees, please refer to the cost information in the section "What are the costs?"

## How can I complain?

The policyholder may address any complaint in writing to Lombard International Assurance S.A. – Complaints Officer at the Insurer's address for correspondence. Should any complaint not be resolved to the policyholder's satisfaction, he may file a complaint with: the Commissariat aux Assurances, at 11 rue Robert Stumper, L-2557 Luxembourg, Grand-Duché de Luxembourg, the Consumer Complainants Manager at Malta Financial Services Authority, Notabile Road, Attart BKR3000 Malta. Making a complaint will not prejudice the policyholder's right to take legal action.
